Admin

1, Asset Management -Bug
2, Intern onboarding -Need to link in the backend
3, Staff list in side bar - in that link the staff dashboard
4, Intern list in side bar - in that link the intern dashboard from staff
5, Domain -linking(staff can create domain in staff dash) so no domain in admin
6, Payment list -Bug Details mapped wrongly
7, Attendance date filter in card, also intern count
8, Department - need to fix delete option
9, Intern management - IN total count(view details) -Bug
10, Add payment Employee ID -Bug integer field is showing
11, side bar order - Dashboard, staff, intern, payment, asset, Department, domain

Staff Dashboard

payroll - Not linked
1, Monthly payment Default Jan-Dec in graph
2, need to add intern list Department wise for payment

Intern Dashboard
1,Document upload need to fix with backend
2, performance Trend
3, New This month

Asset management
1,Total unassigned asset count in graph (total intern -assigned asset)
2, Add Asset Remove department, bug reporting missing.

Attendance Management
1, Date Filter - present Attendance card
2, intern list

Intern Dashboard

1, New this month card- date wise dropdown
2, Edit in intern list, document upload
3, Asset report issue need to route
